

Auto Glass Safety Council Guidelines for Usage of Certified Technician Logo

The logo referred to hereafter is the logo printed immediately above.

1. Logo can be used in only black and white or in black and process yellow.
2. Logo must not be changed or reportioned.
3. Logo must be used with a trademark symbol (™).
4. Logo can be used in any size.
5. Logo can only be used by current AGSC Certified Technicians.
6. Usage is permitted only while a technician's certification is in good standing with AGSC.
7. Logo in advertising must be as printed above and not be commercialized. Use of the logo in any advertisements must be approved by AGSC prior to usage. (Email Kathy Bimber at kbimber@agsc.org prior to usage.)
8. When used on websites, logo should link to the AGSC website at www.agsc.org and must immediately follow the name of a certified technician.
9. Logo may not be reproduced on or in connection with any materials or product without the prior express written consent of the AGSC.
10. Logo may not be used in connection with any material in poor taste.
11. The AGSC can assist you in evaluating your proposed logo usage prior to use.

As a condition of certification, I agree to follow the guidelines listed above on the usage of the AGSC Certified Technician logo.
