 Declaration of Conformance 2023 – Present

Certification A – AirPro Diagnostics LLC Declaration of Conformance

ANSI/AGSC/AGRSS 005-2022 requires those engaged in automotive glass replacement and/or recalibration/calibration services shall only use equipment specifically designed and purposed for recalibration/calibration when recalibration/calibration of the ADAS (features) is required by the vehicle manufacturer.

AirPro Diagnostics LLC Response:

The AirPro Diagnostics LLC calibration/recalibration system is manufactured to our own documented internal quality control process. Each internal quality control process utilizes equipment that is applicable and compatible with both the software and hardware associated with performing the appropriate calibration/recalibration.

The AirPro Diagnostics LLC calibration/recalibration system (including software and hardware), when operated as designed and as directed, meets and/or exceeds the associated vehicle manufacturer’s documented calibration/recalibration requirements.

Certification B - AirPro Diagnostics LLC Declaration of Standard Conformance

AirPro Diagnostics LLC will make every commercially-reasonable effort to remain in compliance with the ANSI/AGSC/AGRSS 005-2022 Standard (or its most current version) set forth by the Auto Glass Safety Council and approved by ANSI.
